School Enrollment

The ever-enrolled count is the total number of students who are enrolled at any point during the school year; a student who attends a school for one day or 180 days is counted the same way. For this reason, the ever-enrolled count will always be larger than the audit count.

Attendance

Review information on attendance below, including in-seat attendance for all students (there is a separate measure of attendance for pre-K students, since pre-K is not compulsory), and the percentage of students chronically absent, meaning that they miss at least 10% of the school days for which they are enrolled throughout the school year at the school. Note: Due to variations in schools schedules, attendance data may have been collected differently by schools on synchronous and asynchronous learning days. As a result attendance data is unique to this school year and not necessarily comparable to prior years.
Pre-K In-Seat Attendance

Review information on attendance at the school. This includes in-seat attendance for all students (including a separate measure of attendance for pre-K students, since pre-K is not compulsory), the percentage of students chronically absent, meaning that they miss at least 10% of the school days for which they are enrolled throughout the school year at the school.

Per-pupil expenditures represent the average amount of money spent on educating each student. In other words, this value represents the total amount of actual school expenditures divided by the number of students in the school.

**2021 Per-pupil Expenditures**
Per-pupil expenditure amount is calculated by dividing the total school expenditures by the October enrollment audit count of public school students.

**Per-pupil:** $23,200

**October Enrollment Audit Count:** 287

**Total School Expenditures:** $6,658,292

**Total Excluded Expenditures:** $1,384,818

Excluded expenditures include: debt service, capital expenditures, construction and capital improvements, community service operations, and expenditures sourced from private funds (such as parent fees and corporate or charitable donations.) These are not included in the per-pupil expenditure calculation because they are considered outside of the day-to-day operation of the school.

**2021 Total Expenditures** $8,043,110
The sum of total school and excluded expenditures is the total amount of money the LEA spent for the fiscal year.

**Per-pupil Expenditures by Funding Source**
Details are provided about the funding sources for per-pupil expenditures. State/local sources represent revenue received directly from DC, including local grants and per-pupil funding. Federal sources include federal revenue, such as Title I funds and IDEA funding. Per-pupil expenditures are displayed compared to the LEA and DC average.
