

## Message from the School

AELPCS implements a research-based instructional program that supports the development of young children’s language, literacy, and behavioral skills as well as their understanding of the world around them. The school uses a comprehensive, integrated curriculum designed to engage young children in playful activities and to build on their natural eagerness to learn.

## School Enrollment

The ever-enrolled count is the total number of students who are enrolled at any point during the school year; a student who attends a school for one day or 180 days is counted the same way. For this reason, the ever-enrolled count will always be larger than the audit count.
